Getting back to nature

Do you want to enjoy an amazing vacation and help to protect the environment at the same time? Why not book a vacation in a Getaway eco cabin in Alaska?

The cabins are beautiful buildings. Builders used wood and mud to build the walls. There are skylights in the roof so we save electricity. The small skylights give us light in the day, so we don't use electric lights. We don't use chemicals to clean the rooms because we don't want to damage the environment.

You can walk in the mountains near the cabin and see lots of local wildlife. Enjoy a boat trip on the lake and see the amazing waterfalls, or visit the beautiful caves. Years ago, people used to live in the caves. You can still see some of the cave homes today.

In the Getaway cabins, you can have a great vacation and enjoy nature. Come and visit us soon.

3 Read again and answer the questions.

- 1 What did builders use to build the walls?
- 2 What can you do on your vacation?

Making writing more fluent
